Sketch out your idea on the template shown.  
If your project requires two different designs,  
use a separate copy of this template.

Please indicate desired colors. If you're  
REALLY ambitious, colored pencil would  
help a BUNCH. Photos (NOT returnable)  
should be mailed so we may scan them at  
the proper resolution.

Notes about the design may be indicated on  
the back of this sheet. (That way they won't  
get separated.)

When completed, mail this form to:
